

I pledge to support Y2Y on my center and in my community. My fellow students, staff, friends, and family can count on me to do the following:

- Attend regular Y2Y meetings where I can talk with fellow students about violence and aggression in our community and learn how we can solve the problem.
- Give my friends the tools and information they need to make a difference by sharing Y2Y resources.
- Spread Y2Y messages on my center and in my community by sharing my story with others and listening to my fellow students when they need support.

NAME: _____

Cut this card along the dotted line and display the peace sign where other students can see it.
